

# Insure It All

## **Buckle in extra security to your life.** Your car. Your house. Yourself. We can protect you.

Life can throw you unexpected curveballs. When it does, don't let them take you out of the game. Insurance products are available to protect your car from mishaps, your home from accidents and your life from unforeseen events.

### **Guaranteed Asset Protection (GAP) for your vehicle**

Did you know that if your vehicle is totaled or is stolen and not recovered your insurer may not pay off the total amount of your loan, leaving you with hundreds, even thousands, of dollars to pay off? GAP pays the difference between the Actual Cash Value (ACV) of your vehicle, which is determined by your primary insurance company, and the unpaid balance.

### **Major Mechanical Protection (MMP) for your vehicle**

When mechanical failure on your vehicle occurs, do you have hundreds, or even thousands, of dollars readily available for repairs? With MMP, you can protect yourself against these costly out-of-pocket expenses associated with vehicle repairs that extend beyond the manufacturer's standard warranty.

### **Debt Cancellation**

Debt Cancellation protects you by canceling some or all of your debt when a protected event occurs. Talk to an Account Relationship Officer to find out the different levels of protection that are available today to help you decide which plan best fits your needs.

### **Auto Insurance and Homeowners Insurance**

RGCU can connect you with a complete line of auto insurance and homeowners insurance solutions from the nation's top-rated carriers. Talk to us about homeowners insurance, auto insurance, renters insurance, motorcycle, boat and RV insurance and umbrella liability insurance.

### **Other Insurance Products**

Talk to us if you are interested in learning more about other insurance products including life insurance and accidental death and dismemberment.
